How to navigate employee matrix:

1. Determine your personnel (Medical Center or Campus)
2. Determine your location
3. Determine which description of work applies best to your job
4. Click that description
5. Make sure you have completed each of the immunization/tests that are required for your job (indicated by a check mark)

Tip: Use legend at bottom of page for symbols other than check marks

✓ Required
Written Declination Required
(+) Medical Center personnel complete TB surveillance and immunities as part of pre-placement assessment
*Incudes veterinarians, animal nurses, husbandry, enrichment, and cage wash staff
** See Medical Health Screening Questionnaire
***Surveillance and vaccination requirements provided by SFVA Employee Health Services
⊙ Annual TB skin testing is provided by SFGH Employee Health Services
% Required for staff with exposure to non-human primates
✓* Plumbers only
Available
⊓ Strongly recommended but not monitored for compliance
✸ OHS does not provide travel vaccinations. UCSF travelers are advised to contact their private physician, UCSF Travel Medicine & Immunization Clinic, or the SFDPH Adult Immunization and Travel Clinic.
■ 12 weeks following return from international assignment or sooner if symptomatic
IACUC - Institutional Animal Care and Use Committee
LARC - Laboratory Animal Resource Center
SFGH - San Francisco General Hospital
LPPI - Langley Porter Psychiatric Institute
SFVA - San Francisco Veterans Administration
SHS Student Health Services
